Description:

Developed a responsive portfolio website using HTML, CSS, and JavaScript. The website showcases my skills, projects, and contact information in an interactive and visually appealing manner.

Key Features:

Designed and implemented a modern and professional user interface using HTML and CSS.

Developed a responsive layout that adapts to different screen sizes and devices using media queries.

Utilized JavaScript to add interactivity and enhance user experience, such as smooth scrolling and form validation.

Integrated third-party libraries, such as Bootstrap, for styling and responsiveness.

Implemented a contact form to allow visitors to reach out with inquiries or feedback.

Optimized the website for performance and loading speed.
